

**Subject:** Measure A Map and Allocations for FY2018-19

**From:** Bill Jones

**Date:** 3/11/2019, 2:11 PM

**To:** Jackie Keene

**CC:** Ramon Barajas <ramon.barajas@lacity.org>

Hi Jackie,

Nice to meet you. Here is the information you requested. There are 7 attachments.

The first two are the map I mentioned, and the parks in each study area and Council District (note that the Study Area boundaries are in purple, freeways and CD boundaries are in black). The third is the spreadsheet that shows the level of funding the County has allocated to each study area. The last four are Study Area profiles created by LA County in CD2, and may come as separate emails so I can get these through via email. Study Areas being sent are SA#61, SA#84, SA#94, and SA#120.

Keep in mind that study area funds must remain within the specified study area, unless, there is a joint project (e.g. regional benefit) between two or more contiguous study areas. At this stage, RAP is not considering regional projects with Measure A "Annual Allocation" funds. FY2019-20 Annual Allocations from County are expected in the later half of CY2019.

Also, Measure A "Competitive Funds" will be out later this year, and those funds are not limited to study areas, but will likely focus on the High and/or Very High Park Need Areas of the City. RAP will be working with Council Offices to identify larger development projects when those programs are released (dates are uncertain, but likely this calendar year.)

Let me know if there is any other questions I can answer or provide other information you need.

Best,

Bill Jones
